The Department of Education and Skills has developed an electronic database of primary school pupils called the Primary Online Database (POD) which will involve schools maintaining and returning data on pupils to the Department at individual pupil level on a live system. The database will allow the Department to evaluate progress and outcomes of pupils at primary level, to validate school enrolment returns for grant payment and teacher allocation purposes, to follow up on pupils who do not make the transfer from primary to post primary level and for statistical reporting.

The database will hold data on all primary school pupils including their PPSN, First Name, Surname, Name as per Birth Certificate, Mother's Birth Surname, Address, Date of Birth, Gender, and Nationality. The database will record the class grouping and standard the pupil is enrolled in.
